Grand Rapids, MI 49503
www.lifeinternational.com

Budapest, Hungary

- Budapest, a city of 1.7 million, is Hungary's capital and center for politics, industry, commerce, and transportation.
- Budapest is the 8th largest city in the European Union.
- Hungary is slightly smaller than Indiana.

Hungary and Abortion

- Hungary has the 23rd highest abortion rate in the world (the U.S. is 36th); an estimated 42% of pregnancies are aborted.
- Prostitution and pornography are legal and generate \$1 billion annually.
- The legal age of sexual consent is 14.

Shout for Life 2009 Ministry Accomplishments

- God started a new pro-life group in Eger under our association; for now they are active in the prevention area but in the future we hope they will also start a center.
- God found us a new director.
- God gave us a 2D-ultrasound machine. Pray that we can operate and use it to show pregnant girls the wonder of life in the womb.
- God found us new donors.
- God found us someone willing to give us a 3D ultrasound.

Dear Friends

The establishment and operation of this association is a miracle. Our work is so much based on the grace of God that a handful of people, like Gideon's army of 300 people—we with 3 (!) volunteer counselors—have been standing at the front lines for a long time, but through the personal counseling, lives have changed and been saved from the misery of abortion—not only babies but their mothers as well. I believe the Lord has taught us at these times how to suffer need and seriously devote ourselves. Listening to our prayers, God has started to transform the mindset of a whole nation in a very evident way. Even though the battles are still heavy, and there are barriers coming against us, statistics show that there are less surgical abortions performed on women today in Hungary than 5 or 10 years ago.

Since then, thanks to the Lord, more and more people are interested in the ministry and slowly but surely our team is growing with wonderful counselors, helpers and supporters. We want to express as well our gratitude to LIFE International for all their support.

Shout for Life Client Statistics

	2005	2006	2007	2008
Client Visits	192	209	454	79
Pregnancy Tests	117	118	72	28
Abortion-Minded Clients	24	14	39	22

Gospel Presentations	33	56	80	5
Decisions for Christ	6	7	25	0
Abstinence Presentations	79	79	52	1

Shout for Life Goals for 2009

- To find more volunteers and a new office.
- To minister to many more clients.
- To start 3D-ultrasound and gynecologist services to save more lives and generate income for the center.

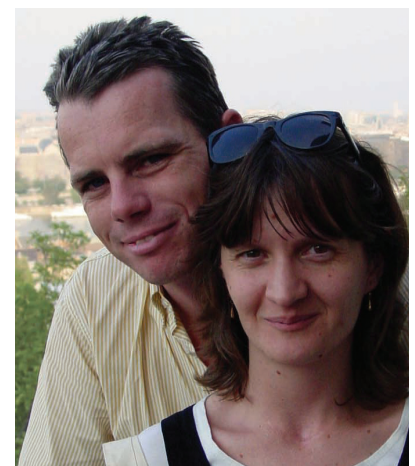

Shout for Life Prayer Requests for 2009

- For volunteers: counselors, receptionist, ultrasound operator.
- For many more clients.
- For authority, wisdom, and patience for our new director to bring the center forward, especially in building relationships in the community.
- To find and fund a new office: ground level on a main street.
- That doctors would stand up for the unborn in Hungary.

How Can You Partner with LIFE International?

Individuals, churches, centers, and businesses can partner with LIFE through prayer and financial support. Every prayer offered and every gift sown into LIFE helps make possible life-giving ministries like Shout for Life. Will you join with LIFE and help multiply life-giving ministries wherever abortion exists?

Questions? Want more information? Contact us at info@lifeinternational.com or (616) 248-3300.
