Chisinau, Moldova

- Chisinau is the capital and largest city of Moldova.
- Centrally located on the Bic River, Chisinau has an unusually high concentration of parks, lakes, and foliage.
- Moldova separated from the Soviet Union in 1991.
- Moldova is one of the poorest countries in Europe. They depend heavily on agriculture and must import most of its energy supplies.

Moldova and Abortion

- Moldova has the 20th highest abortion rate in the world (the U.S. has the 36th).
- Abortion has been legal for 54 years, since 1955.
- Most women in Moldova have had multiple abortions.
- Asiciatia Obsteasca “Liora” is the only pregnancy center in Moldova.

The Evangelistic Car Accident

It is a great joy to praise the works of our God in Moldova. He proves, again and again, His love through meetings that change lives.

One evening, two brothers from our congregation went shopping. After, while they were backing out [of their parking spot], they accidentally hit a lady. Immediately, they came out of the car, apologized, and offered to take her home. Their behavior amazed her so much that she agreed to go with them. They told Valea they were believers and invited her to a divine service. She came and didn't like it, but she noticed me (I was singing on the stage in the worshipping group). The brothers suggested she come to Asiciatia Obsteasca “Liora” to talk with me. For a long period, unexpected circumstances appeared each time we tried to come together.

When Valea and I finally met, we talked for four hours. She is a retired doctor in gynecology but still works. All her life she made abortions. She was conscious that it was a sin but didn't know what to do. While talking, Valea found out she could receive forgiveness through the blood of Jesus. The first thing she asked was, “What do I need to do for that?” That evening, she received Jesus in her heart. We started regularly to meet, read, and study the Bible. At our last meeting, Valea told me she wants to change her working place. She wants to get involved more at the center.

This is our Wonderful God, blessed be His Name!

Please pray for Valea's health, her spiritual maturity, and the possibility of working together. I bless you all.
